**SUBJECT: Water main repairs on Grand Ave starts June 21**

**BY: Pakou Ly, Public Information Coordinator**

---

### **Water main repairs on Grand Ave starts June 21**

[Duluth, MN] - Starting Thursday, June 21, 2012 Grand Avenue between 47th Ave West and 45th Ave West will be narrowed down to two lanes, one in each direction while work is being done on a water main.

The work is expected to last 3 days and traffic congestion is likely. Motorists traveling east on Grand Ave will not be able to make a left turn at 46 Ave West. Motorists are encouraged to use alternate routes.

The City of Duluth thanks the public for their patience.
