SUBJECT: City Urges Caution as Freezing Rain Continues

BY: Amy Norris

City Urges Caution as Freezing Rain Causes Slippery Conditions

The City of Duluth road crews have been out since 2:30 AM salting and sanding city roads. The main roads are in good condition though some secondary roads remain slick.

Sidewalks, driveways and parking lots are very icy and dangerous. Please demonstrate extreme caution when walking on these surfaces if you must go out today.

Crews will continue to work on city streets throughout the day.
