Road improvements planned for 11th Ave East and Skyline Parkway at Kenwood Ave

[Duluth, MN] – The City of Duluth Street Maintenance crews will be making road improvements along East 11th Ave at 11th Street and Skyline Parkway near Kenwood Avenue. Crews will be on site starting Monday, September 29, 2014 to close off the street for reclamation work which will then be followed up with installation of new pavement. This same work and road closure will also take place on Skyline Parkway from Kenwood Ave to the Chester Bowl Bridge. This work should be completed before the end of the week, depending on weather conditions.

Traffic will be allowed through the street when crews are not working on the road. The City thanks the public for their patience as we work to improve road conditions for all transit users.
